

Benefits to Universities

The PhD Project fosters inclusive excellence by cultivating business professors who will mentor the next generation of business leaders. Participating universities receive access to the following benefits:

Doctoral Granting Institutions

\$5,000 *per academic year*

Non Doctoral Granting Institutions

\$3,000 *per academic year*

1. Job Board

Post leadership, tenure/non tenure-track, lecturer, & adjunct positions to [The PhD Project Job Board](#) to reach our doctoral student & faculty members & past Annual Conference attendees (experienced hires).

2. Member Directory

Contact PhD Project doctoral student & faculty members about open positions. Share contacts with others at your university involved in faculty searches.

3. Application Database

Reach out directly to past PhD Project Annual Conference attendees for adjunct & lecturer positions, as well as to promote other graduate degrees offered at your institution.

4. Member Association Conference & Impact Summit

Attend our cross-disciplinary & discipline-specific conferences to connect with new graduates at our Meet & Greet Sessions (virtual session also held annually). For dates & locations, [visit our Events page](#).

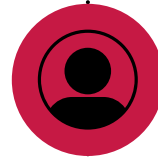

5. Annual Conference University Fair

Exhibit to speak directly with potential doctoral students. Exhibit space & registration for up to 4 university reps is included. Now held in conjunction with our Member Association Conference, you can meet both potential faculty & potential doctoral students across disciplines in one trip.
